SUBJECT: Annual Certification to Receive Funds from the Public Library Fund, FY 2008-09

As authorized in the Governor's budget, the appropriation for PLF this year is \$12,924,000. The enclosed table presents the California State Library's preliminary allocation estimates for funds to be distributed to all public library jurisdictions for the 2008-09 fiscal year.

These estimates are subject to revision as part of the certification process. The final determination of fund allocations will be made following confirmation of eligibility based on the submission of the annual certification of local revenue appropriations by all public libraries.

The funding continues to be tied to the implementation of a per capita distribution method to determine Public Library Fund allocations. AB 345-Granlund, Chapter 167 of the statutes of 1997, is the legislation that changed the Public Library Fund allocations from a formula based on local per capita appropriations to a formula based solely on the population of the library's service area. AB 345-Granlund does not influence the local maintenance of effort requirement for eligibility for distribution of funds.

ANNUAL CERTIFICATION

Each year, California law requires fiscal officers to report certain library appropriation information as set forth in the enclosed certification form. This letter serves as notification of the FY 2008-09 Request for Certification. This information is required to establish a library's eligibility to receive funds under this law. In particular, note the "definitions" quoted from the law on the second page of the enclosed Annual Certification form. Refer to the definitions, section (c), to properly complete the attached "Signature Authorization Form." Please return this form along with your signed certification no later than the ***December 1, 2008*** due date.

Note that "appropriation," not "expenditure," is called for in the law. Only library jurisdictions certifying a figure for local revenue appropriated by ***December 1, 2008*** will be eligible to receive Public Library Fund allocations.

MAINTENANCE OF EFFORT (MOE) AND WAIVER PROVISIONS

Education Code Section 18025(d) establishes the maintenance of effort (MOE) requirements for eligibility to receive PLF funds at 100% of the amount appropriated in the prior fiscal year. (Attachment A). **For FY 2008-09 the maintenance of effort (MOE) requirement has been modified to 90% of the amount appropriated in the prior fiscal year.**

A form to request a waiver of the MOE requirement is provided. Complete and submit this form if one or more of the conditions explained on page 2 of the waiver request are met. It is not necessary to submit the Request for Waiver form if you are not requesting consideration of a waiver this year.

Waivers of the MOE requirement have previously been granted based on revenue declines related to the property tax shifts of 1992-93 and 1993-94, Section 18025(e)(1-2). The Governor also approved legislation (SB 1100-Solis) that allows libraries to submit requests to waive the MOE requirement based on budget reductions as a result of the addition of Article XIIIID, the Right to Vote on Taxes Act, to the California Constitution, Section 18025(e)(3). Submission of a waiver request based on the property tax shifts does not preclude the submission of a waiver request based on the impact of the Right to Vote on Taxes Act.

Another provision authorizing the request of a waiver was passed and is included in the section on maintenance of effort. This provision was incorporated in SB 1350, the Local Government Omnibus Act of 2000, chaptered in September 2000. It allows a waiver of MOE to be submitted in cases where the library underwent a reduction in its budget appropriation stemming from an automatic termination of a locally approved special tax or benefit assessment. The language effecting this change is on page 2 of the Request for Waiver form. The provision took effect July 1, 2000 (Sec. 18025(e)(4)).

I suggest that fiscal officers and library directors work together with California State Library staff in completing the waiver forms. It is our intent to be as supportive as possible in helping you to develop your justification for a waiver request. If you have questions please contact Ira Bray, ibray@library.ca.gov, (916-653-0171).

TIMELINE

The due date for submission of all required certification forms is December 1, 2008. All forms are due at the same time and not later than the deadline specified.

Libraries failing to file their certification and waiver request by December 1, 2008, by law, must be deemed ineligible to receive funds for 2008-09. A postmark of December 1, 2008, or earlier will fulfill this requirement.

If you have questions about this annual certification procedure, please contact Ira Bray, PLF Coordinator at (916) 653-0171 or email ibray@library.ca.gov

PUBLIC LIBRARY FINANCE

(Education Code, Title 1, Division 1, Part 11, Chapter 1.5, Article 3, Section 18025)

Sec. 18025. Allocations from Public Library Fund.

- (a) For the 1982-83 fiscal year and each fiscal year thereafter, the State Librarian shall determine the amount to which each public library is entitled for support of the library during the fiscal year. The amount shall be equal to 10 percent of the cost of the foundation program as determined pursuant to Section 18022.
- (b) If local revenues appropriated for a public library for the 1982-83 fiscal year and each fiscal year thereafter, including tax revenues made available under Chapter 282 of the Statutes of 1979, total less than 90 percent of the cost of the foundation program as determined pursuant to Section 18022, the state allocation for that fiscal year shall be reduced proportionately. A proportional reduction in the state allocation as described in this subdivision shall not be made, however, commencing with the 1997-98 fiscal year and each fiscal year thereafter, if the amount appropriated to the Public Library Fund for that fiscal year is equal to or greater than the amount necessary to fund each public library in the amount it received for the prior fiscal year, thus providing the state's share of the cost of the foundation program to each library based only on its population served, as certified by the State Librarian. After the first fiscal year in which the proportional reduction is not made, no further reductions based on this subdivision shall be made in any future fiscal year. It is the intent of this subdivision to make this change without harm to any library currently receiving an unreduced share of the state's cost of the foundation program.
- (c) If local revenues appropriated for a public library for the 1982-83 fiscal year and each fiscal year thereafter, including tax revenues made available under the provisions of Chapter 282 of the Statutes of 1979, total more than 90 percent of the cost of the foundation program as determined pursuant to Section 18022, the state allocation for that fiscal year shall remain at 10 percent of the cost of the foundation program as determined pursuant to Section 18022.
- (d) In order for a public library to receive state funds under this chapter in the 1983-84 fiscal year and any fiscal year thereafter, the total amount of local revenues appropriated for the public library for that fiscal year, including tax revenues made available under Chapter 282 of the Statutes of 1979 and other revenues deemed to be local revenues according to Section 18023, shall be equal to at least the total amount of local revenues, as defined, appropriated for the public library in the previous fiscal year. State funds provided under this chapter shall supplement, but not supplant, local revenues appropriated for the public library.
- (e)
 - (1) Notwithstanding subdivision (d), or any other provision of law, in the 1993-94 fiscal year, any city, county, district, or city and county, that reduces local revenues appropriated for the public library for the 1993-94 fiscal year shall continue to receive state funds appropriated under this chapter for the 1993-94 fiscal year only, provided that the amount of the reduction to the appropriation to that public library for the 1993-94 fiscal year is no more than 20 percent of the 1992-93 fiscal year appropriation made to that public library as certified by the fiscal officer of the public library and transmitted to the State Librarian pursuant to Section 18023.
 - (2) Commencing with the 1993-94 fiscal year, and each fiscal year thereafter, any city, county, district, or city and county may request from the State Librarian a waiver of the requirements of subdivision (d) or of paragraph (1) by demonstrating that the percentage of the reduction in local revenues appropriated for the public library is no greater than the percentage of the reduction of local revenues received by the city, county, district, or city and county operating the public library as a result of changes made to Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code by statutes enacted during or after the 1991-92 Regular Session having the effect of shifting property tax revenues from cities, counties, special districts, and redevelopment agencies to school districts and community colleges. Requests for the waiver and the substantiating documentation shall be submitted to

the State Librarian along with the annual report of appropriation required by Section 18023 or any other report of appropriations applying to public libraries required by any other provision of law.

(3) Commencing with the 1997-98 fiscal year, and each fiscal year thereafter, any city, county, district, or city and county may request from the State Librarian a waiver of the requirements of subdivision (d) by demonstrating that the percentage of reduction in local revenues appropriated for the public library is no greater than the percentage of reduction of local revenues received by the city, county, district, or city and county operating the public library as a result of the addition of Article XIIIID, otherwise known as the Right to Vote on Taxes Act, to the California Constitution as approved by the voters at the November 5, 1996, general election. Requests for the waiver and the substantiating documentation shall be submitted to the State Librarian along with the annual report of appropriations required by Section 18023 or any other report of appropriations applying to public libraries required by any other provision of law.

(4) Commencing with the 2000-01 fiscal year, and each fiscal year thereafter, any city, county, district, or city and county may request from the State Librarian a waiver of the requirements of subdivision (d) or of paragraph (1) by demonstrating that the reduction in local revenues appropriated for the public library is no greater than the reduction in local revenues received by the city, county, district, or city and county operating the public library as a result of the automatic termination of a locally approved special tax or benefit assessment for that public library. Requests for the waiver and substantiating documentation shall be submitted to the State Librarian along with the annual report of appropriation required by Section 18023 or any other report of appropriations applying to public libraries required by any other provision of law.

- (f) If the state allocations computed pursuant to this section exceed the total amount of funds appropriated for purposes of this section in any fiscal year, the State Librarian shall adjust on a pro rata basis public library allocations prescribed by this section so that the total amount in each fiscal year does not exceed this amount.
